## WHO WE ARE

Northview Techno Titans Robotics Foundation Inc. is a 501(c)(3) non-profit organization which supports the Techno Titans Robotics Team from Northview High School in Johns Creek, GA. We participate in the FIRST® (For Inspiration and Recognition of Science and Technology) Robotics Competitions (FRC). This organization challenges high school teams to design and build a robot capable of completing various tasks while collaborating with other robots.

Our team began as a school club in 2005. In 2015, a 501(c)(3) foundation was formed to financially support the team, increasing the team's sustainability and future potential.

For more information, please visit our website at [www.technotitans.org](http://www.technotitans.org) or email us at [northviewrobotics@technotitans.org](mailto:northviewrobotics@technotitans.org). We thank you for your time and consideration.

## WHAT WE DO

The Techno Titans program is student-led; students take the central role in their own learning process, with mentors acting as facilitators. Mentors guide, teach, and support students, helping them learn teamwork, public speaking, leadership, programming, and engineering. Additionally, we promote STEM ideas and knowledge in our community with a variety of outreach programs and activities for students of all ages.

## WHY SUPPORT US

Support for our team can increase your brand recognition locally and nationally through company promotion on our competition robot, team apparel, and at *FIRST* competitions. It is an investment in the future, as our team trains potential future employees. As a 501(c)3 foundation, any materials or monetary donations are tax deductible. We hope you will consider supporting us.

# RECENT ACHIEVEMENTS

## 2025

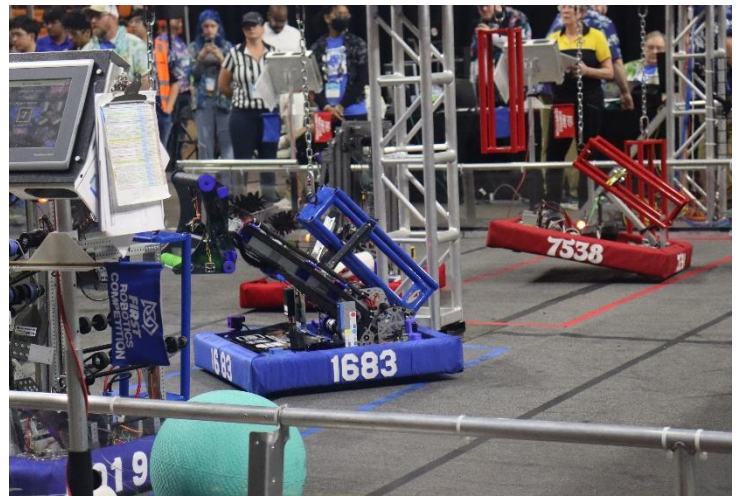

- Georgia Robotics Invitational Tournament and Showcase (GRITS), Winner
- FIRST World Championship, Milstein Division rank 18 (Alliance 6)
- PCH District Championship Quality Award, rank 7 in PCH District
- PCH District Gainesville Event Finalist
- PCH District Gainesville Event Quality Award
- PCH District Gwinnett Event Engineering Inspiration Award
- PCH District Gwinnett Event Finalist

## 2024

- Georgia Robotics Invitational Tournament and Showcase, Finalist
- FIRST World Championship, Johnson Division rank 20, (Alliance 4)
- PCH District Championship, rank 8 in PCH District
- PCH District Gwinnett Event, Industrial Design Award
- PCH District Gwinnett Event, Finalist

## 2023

- Georgia Robotics Invitational Tournament and Showcase, Winner
- FIRST World Championship, Milstein Division rank 10 (Alliance 8)
- PCH District Championship, rank 6 in PCH District
- PCH District Gwinnett Event, Excellence in Engineering Award
- PCH District Gwinnett Event, Finalist
- PCH District Albany Event, Impact Award
- PCH District Albany Event, Winner

# SPONSORSHIP TIERS

## Community Sponsor [special category for local businesses]

- Donations from **any Johns Creek business, in any amount**
- Team website – company name/address listed in “Johns Creek Community Sponsors” section
- Game t-shirt\* – company name listed in “Johns Creek Community Sponsors” section

## Bronze (\$1 to \$499)

- Name of person or company listed on team website

## Silver (\$500 - \$1499)

- Company logo listed on team website and game t-shirt
- Company recognition on our team social media

## Gold (\$1500 - \$2499)

- Company logo listed on team website and game t-shirt
- Company recognition on our team social media and other team apparel
- Company logo displayed in team pit and recognition in official team name introduction at competitions

## Platinum (\$2500 and above)

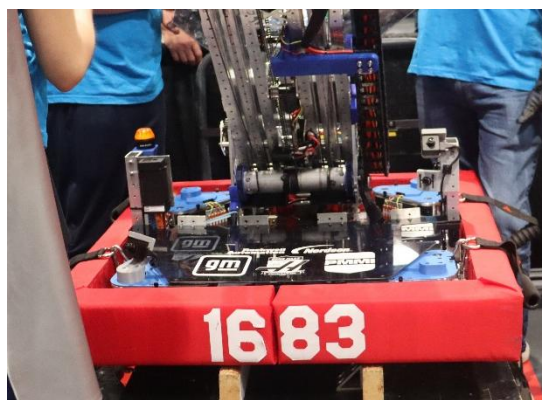

- Company logo listed on team website and game t-shirt
- Company recognition on our team social media and other team apparel
- Company logo displayed in team pit and recognition in official team name introduction at competitions
- Company logo displayed prominently on robot
- Robot demonstration at sponsor site

\*The **game t-shirt** is worn by all students and mentors at competitions and outreach events.

## 2025 FRC SEASON GAME T-SHIRT

## COMPANY LOGO ON ROBOT

# BUDGET AND SPENDING

An FRC team's budget can range from very small for new teams to rather large for veteran or highly competitive teams. Key expenses include mandatory FIRST registration fees (which can exceed \$15,000 alone for multiple events each year) and costs for robot parts, tools, travel, and lodging. Sponsorship is crucial, and teams fundraise and apply for grants to cover these costs.

| Techno Titans Projected 2026<br>Season Budget |                  |
|---|------------------|
| Expected Revenue                              |                  |
| Membership dues/travel fees                   | \$111,000        |
| Grants/sponsorships/donations                 | \$59,300         |
| <b>Total revenue</b>                          | <b>\$170,700</b> |
| Expected Expenditures                         |                  |
| FIRST Registration fees                       | \$16,300         |
| Liability insurance                           | \$9,000          |
| Rent  | \$57,268         |
| Utilities                                     | \$5,150          |
| Travel/meals                                  | \$54,440         |
| Parts and supplies                            | \$24,000         |
| <b>Total expenditures</b>                     | <b>\$166,158</b> |
| <b>Surplus (deficit)</b>                      | <b>\$4,542</b>   |

| Projected Expenses<br>(as funds become available) |                 |
|---|-----------------|
| Rebuild robot cart                                | \$1,000         |
| New team equipment trailer                        | \$7,500         |
| Upgrade competition pit setup                     | \$6,500         |
| Tooling needs for competition                     | \$1,200         |
| Outreach supplies                                 | \$500           |
| <b>Total projected expenses</b>                   | <b>\$16,700</b> |
